THE RESOURCE GROUP NAMED TO THE 2009 MICROSOFT DYNAMICS INNER CIRCLE

Microsoft Honors The Resource Group for Outstanding Customer Commitment and Sales Achievement

RENTON, WA – JULY 10, 2009

In acknowledgment of exceptional service and sales performance, The Resource Group (TRG) has been named to the 2009 Microsoft Dynamics Inner Circle and the 2009 Microsoft Dynamics President's Club. This recognition came during Microsoft Corp.'s Worldwide Partner Conference 2009 in New Orleans. The President's Club recognizes the top five percent of Microsoft Dynamics partners worldwide and honors their constant dedication to delivering solutions that meet their customers' unique needs. Inner Circle recognizes the top echelon of Microsoft Dynamics partners and ranks them at the top of the Microsoft Dynamics global network of partners.

"We're thrilled to acknowledge the dedication The Resource Group has shown to providing an unsurpassed level of service and commitment to Microsoft Dynamics customers," said Doug Kennedy, vice president of the Microsoft Dynamics Partners team. "As a result of its continuous dedication and contributions to the overall success of Microsoft Dynamics and companies worldwide, we're proud to congratulate the company on being named to this year's Microsoft Dynamics Inner Circle."

"It is an honor to be recognized as one of Microsoft's top partners, particularly in such challenging economic times. This award demonstrates that companies which focus on having uncompromised ethics, delivering high value to clients, developing long-term relationships, and hiring and retaining only the best employees can achieve great things. Even though we are a progressive company from a technology standpoint, we also realize that good old-fashioned business values win out in the end," says Marty Schillaci, president of TRG. Previous honors for The Resource Group include earning the prestigious Microsoft Dynamics President's Club award sixteen times, ranking as a Microsoft Partner of the Year for Dynamics GP finalist in 2007, being selected several times as one of the Best Companies to Work For in Washington, and achieving a position on Accounting Technology's VAR 100 List for 2009.

About the Company

The Resource Group, located in the Seattle area, delivers a full range of software and services that assist businesses with all aspects of Enterprise Resource Planning (ERP), Customer Relationship Management (CRM), and Business Intelligence (BI). Since 1988, TRG has been serving clients in the Pacific Northwest and other western states. By

working closely with the teams at Microsoft, TRG maintains a comprehensive understanding of the Microsoft platform in order to provide leading-edge solutions, services and unparalleled value to Microsoft Dynamics customers. TRG offers a full range of implementation options from rapid deployment to full business transformation during which they evaluate current business processes and systems using a proven and systematic process to determine an optimal solution for their clients.
