

Helping You Move Business

By implementing Microsoft Dynamics® GP and SalesPad, wholesalers and distributors experience streamlined processes, automated operations, and the ability to access real-time business information anytime, anywhere. The Resource Group specializes in providing the distribution industry with the tools and technology they need in order to help you move business.

Microsoft Dynamics GP

Microsoft Dynamics GP is the leading accounting and enterprise resource planning (ERP) software solution with a powerful distribution and supply chain package that ensures your business has the insight and flexibility to meet changing requirements in your industry.

SalesPad GP

SalesPad GP delivers an all-in-one order entry, inventory and sales management solution to integrate seamlessly with your Microsoft Dynamics GP data. It simplifies the entry of all sales documents, saving your sales and customer service team time and frustration. Whether entering quotes, orders, invoices, or returns, SalesPad's easily configurable document entry screen makes it possible to process more orders with fewer resources.
